

2023 Spring Scholarship Opportunity

GPA Midstream Association | Houston Chapter

The Houston Gas Processors Midstream Association promotes regional growth within our industry by awarding financial support through our scholarship program to students from the Greater Houston area who are interested in pursuing a career in the midstream oil and gas industry. For the 2023 Spring academic school year, the Houston Chapter plans to award \$25,000+ in scholarships with individual award amounts varying based upon the total number of scholarship recipients selected.

The Scholarship Committee will evaluate applications based on merit and the applicant's desire to pursue a career in the midstream industry. We are encouraging applicants to note any education, personal interests, volunteer experience, family relationships in the industry, extracurricular activities, or internships related to the energy industry.

In order to meet the scholarship criteria, the student must:

- Currently be enrolled as a full-time student (at least 12 credit hours) and entering at least the second year of a two-year or four-year undergraduate degree program in the 2023/2024 school year, or entering a professional trade school
- Be pursuing a degree in engineering, construction management, supply-chain management, finance, business, engineering technology, or an applicable trade degree such as welding or petroleum technology
- Be from the Greater Houston area
- Have completed 12 credit hours or more at the time of the application
- Maintain a 2.8 GPA or greater (4.0 scale)
- Demonstrate a strong interest in joining the oil and natural gas midstream industry
- Be a US Citizen
- Complete an online application
- Submit a 1,000 (maximum) word essay

Scholarship applications for the 2023 Spring school year must be emailed to scholarships@houstongpa.org prior to May 5th, 2023. The Houston GPA Midstream Scholarship Committee will review the applications and award by end of May 2023. Recipients of a scholarship will be extended an invite to an HGPA luncheon for networking and recognition.
